3900 Escondido Drive, Malibu, CA 90265 | (310) 699-1807 | br@sdbbr.net

SUMMARY

I am a creator, inventor, software developer, marketer, investor and licensed attorney with intense passion for learning new things and figuring out the patterns of life. After suffering large losses in the recent Woolsey Fire I am looking to rebuild and start something new.

SKILLS

- Licensed Attorney
- Accounting background
- Fluent in Russian and Ukrainian
- Technical and Copy Writer
- Economics background
- Video & audio editor
- Software engineer
- Skilled Photographer

EXPERIENCE

Partner at Zynath Capital Management from 2016 to present

- Started and currently operate a private investment company.
- Areas of concentration include foreign and domestic small cap developmental stage biotech and high technology companies.
- Published numerous articles on various investment ideas on Seeking Alpha. Was ranked number 5 in Technology Ideas.

Head Engineer at Tanky Drone from 2015 to 2016

- 3D Design of the plastics and injection molds for manufacturing.
- In charge of the internal hardware and software design of the flight controller, telemetry and control systems, and external aerodynamic design and testing.
- Main negotiator with subcontractors and manufacturing partners in United States, China, and Russia.

Chief Technology Officer at Mail in the Box from 2014 to 2016

- In charge of the software development effort for Mail in the Box.
- Created detailed specifications for UI design and front end and backend software stack. Front end UI was on web, iOS, and Android platforms while backend consisted of a Linux server cluster hosted on a Linode platform.
- Managed various software subcontractors.

Director of San Diego Office at ViaGene Fertility from 2010 to 2014

- Managed the San Diego Preimplantation Genetic Diagnosis (PGD) office.
- Marketed in person to regional In Vitro Fertilization (IVF) clinics and doctors.
- Negotiated contracts with ViaGene's suppliers and equipment providers.

Chief Operations Officer at Folium Digital from 2006 to 2010

- Cofounded and ran Folium to fill a document digitization niche in the legal industry.
- Organized and ran production line scale scanning facility.
- Secured contracts with the state of California, CAL FIRE, Four Seasons Hotels and Resorts, ET Search, and many other prominent San Diego law, architectural, and accounting firms.
- In charge of all warm sales for the company, my partner and co-founder would setup the clients, and I would close every time.

EDUCATION

- Deep Learning Specialization from Coursera (2018)
- Juris Doctor Degree from California Western School of Law (2008)
- Bachelor of Business Administration from Loyola Marymount University (2006)

PROFESSIONAL LICENSES
